

Introduction

- An all encompassing range of compact fluorescent downlights designed with performance and versatility in mind.
- With six different body formats: vertical, medium horizontal, large horizontal, wall-wash, surface and IP65 there is an option suitable for most applications.
- Lamp options range from single 13W up to twin 42W, all supplied with energy conscious high frequency.
- Thirteen different attachment options, ranging from glass covers to emergency drop legends, make the Protec range diverse enough to meet even the most demanding specifications.

Applications

- Retail
- Hospitality
- Corridors
